Recycling: Can we do it better?

A Cleaner Greener Grapevine

Recycling is one of the most important things you can do to preserve the environment—it preserves valuable natural resources by using less of them. Grapevine sends recycling to the Material Recycling Facility in Duncanville where it is sorted. If the recycling is contaminated by food or other non-recyclables, it is more likely to end up in the landfill. By following these recycling tips, you will help us keep the landfill free of recyclables. Even better than recycling is buying reusable items that have a life of many years; for example, use glass instead of paper and reusable plastic containers instead of baggies for your lunch.

Blue recycle bins and lids are available at the Municipal Service Center, 501 Shady Brook. For more information call 817-410-3330.

Plastic bags cannot be recycled. You should either reuse them for another purpose or return them to the store for recycling. Better yet, take your own reusable bag when grocery shopping.

Styrofoam (i.e., PS #6 plastic) cannot be recycled.

Metal – Americans throw away enough metal every three months to rebuild our entire commercial air fleet. Recycling aluminum can significantly reduce oil consumption.

Glass – All glass food and beverage containers can be recycled once they are rinsed. Light bulbs, mirrors and windows cannot be recycled.

Hazardous Waste/ Batteries/ and Electronic Waste – Grapevine holds collection events for these items periodically. Just stack them in the garage and watch this newsletter and our website for the next collection event. Fort Worth also accepts household hazardous waste. You may take your hazardous waste to 6400 Bridge Street near the intersection of 820 and Interstate 30 on Thursdays & Fridays from 11 am to 7 pm or Saturdays from 9 am to 3 pm. 🍇

What Can Be Recycled?

Paper Products/Cardboard – Recycling paper saves 40% of the energy cost of making new paper. Almost all paper can be recycled. The only exceptions are: Paper contaminated by food (i.e., pizza boxes), paper towels, facial tissue, wax paper, metallic wrapping paper.

Plastic – Energy savings from one recycled plastic bottle can light a 60-watt lightbulb for six hours. Three pounds of recycled plastic prevent one pound of carbon emissions from entering the air supply.

Most clean plastic can be recycled. Lids do not have to be removed and can be recycled as well.

Nash Farm's 8th Annual Fall Roundup!

The Grapevine Heritage Foundation presents a free, fun-filled family event at the 8th Annual *Fall Round-Up!* on Saturday, October 11th between 10 am and 2 pm.

Makin' Somethin' with Pumpkin

There are pumpkin recipes for everything from pies to chili—but if you make a special Pumpkin Somethin', bring it to Nash Farm between 9:30 and 11 am for a chance to win tickets to the Palace Theatre or the Grapevine Vintage Railroad. While waiting for the judging, enjoy a free family day of fun at the Farm.

Fun and Educational Activities

Cotton picking returns with a new twist. Kids (any age) pick the cotton, take it to the mini-gin to clean, then spin it into yarn (or let the spinners spin it for you). Knitters are on hand to knit the yarn. Period-attired volunteers will help with hands-on activities, and hand-quilters will demonstrate their craft. Visit

the educational kiosk to learn more about this fantastic fiber.

Other activities include stick pony barrel racing, hayrides, stick pony buckin' broncs, petting zoo, pony rides, blacksmith demonstrations, arts & crafts, pumpkin decorating and more!

Be sure to walk through the renovated Nash Farm house to learn about the work of the Grapevine Heritage Foundation, the future direction for Nash Farm, and how you and your family can help make this happen. Bring

a picnic lunch to enjoy, or purchase hotdog dinners from the Grapevine AMBUCs.

For information and contest registration, please log onto www.NashFarm.org.

For more free family fun on October 11th, please check out the Fire Department's Open House on page 7. 🍇

Cleaner GREENER Grapevine

Leaf/Grass Clipping Disposal

As the cooler weather arrives, the question of leaf and grass clipping disposal returns. It is never a good practice to blow your leaves or grass clippings into the street—it is very unsightly and creates drainage and environmental problems.

Leaf and grass clippings are a great source for mulch. Mulching has numerous benefits, including capturing and retaining soil moisture; protecting perennials, shrubs, and tree roots from winter freezes; and adding nutrients to the soil as they break down.

A layer of mulch three or more inches in depth assists with weed control, reduces water usage and provides an area for annuals in the spring.

Residents and contractors are strongly advised not to rake or blow leaves or grass clippings into the street. This

practice creates problems with storm drainage systems and resulting water quality and is prohibited by City Ordinance Sec. 12-92 and Sec. 12-93(15).

During a rainstorm, leaves and grass clippings can quickly plug storm drains and pipes causing street flooding. Leaves and grass clippings that are washed into the storm system will end up in the City's streams and ponds, as well as Lake Grapevine. These leaves and clippings contribute to the degradation of the water quality in these ecosystems, can cause death of aquatic life, and provide a nutrient source for spring and summer algae blooms.

Remember: Mulch your leaves and blow grass clippings back onto the grass, not the street. 🍇

Santa Cops Deliver Toys and Joy

The Grapevine Police Department is gearing up for the 2008 Santa Cops Program, which delivers toys to economically disadvantaged children in the community. Last year, Santa Cops delivered toys to 488 families and 1443 children in the GCISD area. The program has an estimated annual economic impact of over \$43,000 to the local area.

The Santa Cops program is organized and implemented by Grapevine Police Officers & V.I.P.s, their families and community volunteers, and funded entirely by local donations.

New, unwrapped toys will be accepted from November 20th to December 22nd at the Police Department, 307 W. Dallas Road, or at drop boxes at the Senior Activities Center, Community Activities Center, Central Fire Station, and City Hall. Cash donations are also accepted.

Individuals and community groups interested in helping wrap the toys for the children are welcome! The community gift wrapping dates are December 4th, 9th, 11th, 16th (and 18th if necessary), at a location yet to be determined. For further information, please contact Officer Tim Gill at 817-410-3209, Officer Jason Keller at 817-421-2192 or Officer Scott Rhodes at 972-724-2126. 🍇

2008 National Night Out America's Fight Against Crime

The City of Grapevine joins the National Association of Town Watch to celebrate the 25th Annual National Night Out on Tuesday, October 7th. National Night Out is designed to heighten crime and drug prevention awareness; generate support for crime prevention; strengthen neighborhood spirit and police community relations, and send a message to criminals that neighborhoods are organized and fighting back! Last year, 35.4 million people in 11,310 communities from all 50 states, U.S. territories, Canadian cities, and military bases worldwide participated.

The City promotes police/community partnerships and encourages every

neighborhood to participate in this year's National Night Out. You need not be a member of a homeowner's association or neighborhood watch group to have an event in your neighborhood or apartment community. Join the team and celebrate National Night Out 2008 by encouraging your neighbors to turn on their porch lights and partake in a free, fun-packed family event.

To register your neighborhood for National Night Out 2008, please contact one of the following Crime Prevention Officers: Tim Gill at 817-410-3209, Scott Rhodes at 972-724-2126 and Jason Keller at 817-421-2192. 🍇

New Databases Available at the Library

The Grapevine Public Library is excited about the addition of four new databases that can be accessed on the computers at the Library or by going to "online databases" on the Library's website, www.grapevine.lib.tx.us

Gale Legal Forms provides an abundant number of legal documents and forms based on Texas law.

Testing & Education Reference Center is an all-encompassing resource providing access to vast amounts of college-related information. Most notable is the comprehensive collection of sample entrance tests provided by Peterson's. You will also find current information on available scholarships and financial aid, test preparation, study guides for tests, and much more.

ChiltonLibrary.com contains the content from the entire collection of Chilton's automobile repair manuals.

Price It! Antiques & Collectibles, powered by GoAntiques.com, is the most comprehensive antique and collectible pricing tool in the world. This database has more than 10 million images to make identification easier, 125 searchable categories, and is constantly updated and growing.

Downloadable Audio Books

The Library is pleased to add a second source of downloadable audio books from Overdrive. More than 2,000 audio books downloadable to an MP3 player or other Windows Media Player devices have been available at the Library for some time through NetLibrary. This new program through Overdrive will provide audio books that play on a wider range of electronic devices. Access to these audio books can be achieved with a Library card without the need for a special user name and password. Over 200 titles are now available at myaudioLibrary.org with more coming soon. The librarians have a list of these titles and a list of the players that can download and play them.

CODE RED FOR CodeRED!

CodeRED Emergency Notification System

What if an emergency situation arose in Grapevine and all or portions of the community were affected? How would you be notified? The City of Grapevine has implemented a tool called CodeRED, an emergency notification system capable of placing up to 60,000 telephone calls per hour. A pre-recorded message will be delivered notifying residents and businesses about the situation and what action, if any, should be taken.

When a situation arises in Grapevine, City staff will turn to the internet and the CodeRED mapping tools to designate a call area based on addresses. With the push of a few buttons, a pre-recorded message describing the situation will be delivered to a live person or an answering machine in the affected area, possibly

including instructions requiring action on the part of the recipient.

CodeRED is a geographical based system where street addresses are needed to select the telephone numbers that will receive emergency notification calls. A calling database has been supplied by the Emergency Communications Network and our water billing office with the best known phone

numbers for the addresses in Grapevine; however this call list does not contain unlisted or cellular telephone numbers unless they are associated with your water bill. Residents and businesses may add their numbers to the calling database by clicking on the

CodeRED will be used for critical situations or disasters that might call for action such as evacuation, sheltering in place, or boiling contaminated water. For more information about the CodeRED system, please call the Emergency Management coordinator at 817-410-3484.
